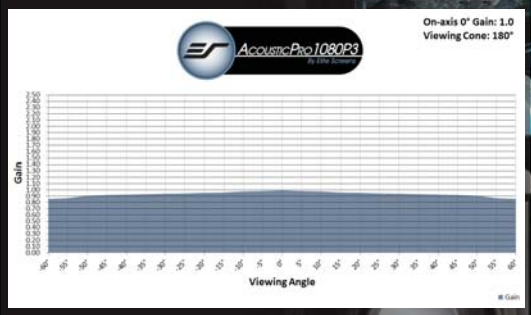
AcousticPro1080P3

By Elite Screens

The AcousticPro1080P3 is an acoustically transparent front projection material. The angular weave eliminates the moire effect while presenting warm neutral colors for today's high definition 1080P (1920x1080) projectors. The AcousticPro1080P3 allows speaker placement behind while allowing an exceptional acoustically transparent performance.

Elite Screen Series: SableFrame, ezFrame & Lunette

- Acoustically Transparent Matte White (angular tight weave)
- Gain: 1.0
- Superb off-axis luminance
- Designed for 1080P (1920x1080) projector resolutions
- Detachable black backing eliminates backlighting artifacts from light bleed-through (only available on Sable Frame and ezFrame Series products)
- Mean attenuation of -3.09 dB
- Compatible with 4K and Active 3D Projectors



Acoustically Transparent Angular Weaved Front Projection Screen Material
